Bakersfield, California 93308. Q. My moon cactus has two new shoots that are bigger than the mother stock. Should I cut these off and replant? ... I have a moon cactus plant, recently purchased. The top section was a vibrant orange colour, but now ...

[Moon Cactus Questions & Answers | Questions 15 - 21](#)

The moon's gravitational pull increases the moisture in the soil at the time of the new moon to the full moon, so it encourages germination and growth. The tides are highest at the time of the new and the full moon (waxing), and just as the moon pulls the tides in the oceans, it also pulls upon the water in the earth.
