Acknowledgement. At the very beginning, I would like to express my deepest gratitude to almighty Allah for giving me the strength and the composure to complete my BBA courses and prepare this report within the scheduled time.. During the period of my internship work, I have received generous help from many quarters, which I like to put on record here with deep gratitude and great pleasure.

This chapter argues that there are four common themes. The first is a strong allegiance to a symmetric notion of equality and an aversion to affirmative action. The second is a continued attachment to an individualised notion of liability. Third there is an ambiguity as to the aims of an effects based test.
