Marketing refers to the process an organization undertakes to engage its target audience, build strong relationships to create value in order to capture value in return.. It is one of the primary components of business management and commerce. Marketers can direct their product to other businesses (B2B marketing) or directly to consumers (B2C marketing).

[Marketing - Wikipedia](#)

The study of the history of marketing, as a discipline, is meaningful because it helps to define the baselines upon which change can be recognised and understand how the discipline evolves in response to those changes. The practice of marketing has been known for millennia, but the term "marketing" used to describe commercial
