There are at least three primary applications of theory in qualitative research: (1) theory of research paradigm and method (Glesne, 2011), (2) theory building as a result of data collection (Jaccard & Jacoby, 2010), and (3) theory as a framework to guide the study (Anfara & Mertz, 2015). Differentiation and clarification between these ...

Grounded theory is a systematic methodology that has been largely, but not exclusively, applied to qualitative research conducted by social scientists. The methodology involves the construction of hypotheses and theories through the collecting and analysis of data. Grounded theory involves the application of inductive reasoning. The methodology contrasts with the hypothetico-deductive model used ...
